

POSITION DESCRIPTION

National Energy Authority

AM100061 - Executive Manager - Technical Regulation

The **National Energy Authority (NEA)** was established under the National Energy Authority Act 2021 to regulate the generation, transmission, distribution, and retailing of both renewable and non-renewable energy.

The NEA invites applications for this leadership role that will support its growth and diversification as the economic and technical regulator of the energy industry in PNG.

EXECUTIVE MANAGER – TECHNICAL REGULATION

Reporting to the Managing Director, the Executive Manager – Technical Regulation is responsible for the effective and efficient operations of the Technical Regulations Division in regulating and licensing of the Electricity industry.

Key Responsibilities:

- Effective management of the NEA Act as well as the National Electricity Roll Our Plan (NEROP) and other related relevant legislation.
- Provide sound technical advice to the Managing Director on strategies relating to effective regulation and licensing of the electricity industry.
- Plan, manage and coordinate the Technical Regulation Division (HQ) to achieve its mandated goals and responsibilities.
- Ensure the electricity industry standards are complied with by contractors, retailers and public.
- Lead change to ensure energy industry standards are maintained, reflecting changes where applicable.
- Ensure testing and examination of electrical contracting licenses are conducted through a transparent and effective process.

Expected Competencies:

- Master's Degree in Electrical Engineering or other engineering related field.
- Minimum of 5 years at a senior management level either in the public or private sector.
- Proven experience in a similar role.
- Good organizational, administrative and communication skills.
- Good analytical, research and negotiation skills.
- Proven leadership and people management skills.

This position is open to PNG citizens only.
