

POSITION DESCRIPTION

PNG Ports Corporation Limited

AM7028 - Fleet Engineer

PNG Ports Corporation Limited (PNGPCL) is a premier maritime service company in Papua New Guinea and is the largest port operator in the South West Pacific, outside of Australia and New Zealand.

As a corporation that continues to develop the capacity of its workforce to deliver high-quality service to all stakeholders, PNGPCL is committed to attracting the highest calibre of professionals who can contribute to achieving and elevating the company's vision and mission.

Providing a positive work environment and competitive employee benefits, PNGPCL is inviting exceptional candidates to apply for this key role based in Port Moresby:

Fleet Engineer

Reporting to the Chief Pilot / Regional Business Manager, the Fleet Engineer is responsible for tracking preventative maintenance on a fleet of over 10 Pilot boats, monitoring major vessel repairs, and conversions and communicating with the Port Engineers at Company facilities in major ports to assist with vessel maintenance and also assist in the development and implementation of a preventative maintenance system.

Key Responsibilities:

- Assist in the development and implementation of a preventative maintenance system
- Assist with the performance of safety management system procedures
- Provide a technical link between Pilotage and Engineering departments
- Assist with the development of repair specifications and bid packages
- Monitor contractors and shipyards during major maintenance and repair projects
- Assist with on-site surveys of vessels and equipment to determine maintenance and repair needs
- The position will involve travel to multiple locations
- Writes specifications for and recommends the purchase of marine equipment
- Oversee Pilotage Workshop personnel and guide activities in the workshop mechanical room. This includes compliance with PNGPCL standing processes and procedures relating to Pilotage Operations and the ISPS code.

Expected Competencies:

- Engineer class 2 certificate
- Minimum of 3 years' experience in a similar role
- Very good knowledge of all aspects of marine machinery and hydraulic systems
- Knowledge of Harbours Act & Port Management Regulations / Maritime Law
- Knowledge of Maintenance Schedules & Reports
- Very good marine mechanical skills
- Good communication, interpersonal and report-writing skills.

This position is open to PNG citizens only.
