

POSITION DESCRIPTION

Air Niugini Ltd

AM9045 - Chief Quality, Safety, Risk & Audit Officer

Air Niugini is the flag carrier of Papua New Guinea, serving both domestic and international destinations for over 50 years. The airline is committed to providing quality service, safety and innovation to its customers and stakeholders. Air Niugini is also seeking to expand its operations and diversify its business in the competitive and dynamic aviation sector. Air Niugini has recently embarked on a substantial fleet replacement program, for both widebody and narrowbody aircraft.

Imagine an aviation career in one of the most exciting and diverse environments in the world. A career that challenges you to lead at the highest level and rewards you with a unique and dynamic experience. A career that puts you at the forefront of service, safety and innovation in the aviation industry. This is the career that awaits you at Air Niugini, Papua New Guinea's national airline. We are looking for exceptional candidates who can join our executive team and help us grow and transform in a dynamic and competitive market. If you have the skills, qualifications, and vision to excel in this role, don't miss this opportunity to soar with us.

Applications are invited from qualified and experienced professionals for these positions that will support the airline's growth and diversification in the industry. This position is based in Port Moresby on a full-time basis.

CHIEF QUALITY, SAFETY, RISK & AUDIT OFFICER

Reporting to the Chief Executive Officer, the Chief Quality, Safety, Risk & Audit Officer will be responsible for the Management and Control of overall Corporate Quality, Safety, Risk and Audit Division Functions and its resources (personnel and equipment). The role is critical in ensuring the airline's Quality Assurance System, Safety Management System and emergency response capability is effective. This position is a senior persons role described in the Civil Aviation Safety Authority of PNG Rules Part 119.

Expected Competencies:

- Degree or post graduate qualifications in related field
- Lead Auditor Certificate and Certificate in Quality Assurance
- Prior senior management experience (minimum 5 years) in a similar role in an international airline (or significantly sized domestic airline) in flight operations or maintenance and engineering
- Excellent negotiation skills
- Experience in preparation of reports and projections for Board level discussions
- Proficient in the use of Microsoft Office suite
- Excellent business communication skills
- Proven success working with people from diverse backgrounds and cultures
- Proven leadership skills and ability to drive transformation through innovation and effective change management strategies.
