

## **POSITION DESCRIPTION**

Pacific Building Industries Ltd

### **AM9046 - Project Engineer - Civil**

**Pacific Building Industries (PBI)** is a progressive greenfield building and construction company in Papua New Guinea, partnering with the government agenda in accelerating infrastructure development. The company is based in Port Moresby with programs that operate across various locations including Goroka, Kainantu, Lufa, Lae, Yangoru and Hela.

This is an exciting and rewarding opportunity based in Goroka, Eastern Highlands Province.

#### **PROJECT ENGINEER – CIVIL**

The Project Engineer - Civil will oversee the assigned project (s) function and the day-to-day operations of the company in Goroka to ensure quality and compliance. The role collaborates with other senior managers to ensure operations are in line with the company's goals and provide assurance in terms of accuracy, proper project resourcing and quality from project commencement to completion.

#### **Key Responsibilities:**

- Design and oversee the construction of infrastructure projects
- Create detailed engineering plans, specifications and cost estimates for construction projects
- Evaluate project sites to determine suitability for construction and provide recommendations
- Conduct periodic and continuous work reviews, study and analyze survey reports, maps, and other data to plan projects
- Collaborate with architects, contractors and other professionals to ensure project requirements are met
- Prepare and present technical reports, proposals and bids to clients
- Provide on-site presence and supervision to monitor progress and quality of construction projects
- Resolve any design and construction-related issues that may arise during the project
- Ensure compliance with applicable codes, regulations and safety standards.

#### **Expected Competencies:**

- Relevant tertiary qualifications in Civil Engineering or related discipline
- Be a member of PNG Institute of Engineers
- More than 5 years industrial work experience
- Experience in providing advice on a broad range of Civil Engineering matters
- Extensive knowledge of contemporary Civil Engineering practices, industry regulations covering workplace & statutory compliance
- Highly developed communications and interpersonal skills
- Well-developed organising and coordinating skills, particularly the capacity to successfully manage competing work priorities
- Ability to build and maintain effective working relationships with a range of people
- Ability to act with integrity, professionalism and confidentiality
- Proficient with Microsoft Office Suite, AUTOCAD or related software.

Pacific Building Industries (PBI) is an equal opportunity employer. It values inclusion, diversity, and gender equity and is committed to providing people with a supportive work environment.
